On Saturday, May 30th, 1959, a joint meeting of The Ontario Archaeological Society and the Morgan Chapter of the New York State Archeological Association will be held in Carr Hall, St. Michael's College, St. Joseph St., Toronto, Ontario.

The programme has been divided into two sections, with an afternoon session from 2 until 4.30 P.M., and an evening session from 7 until 9 P.M. A room has been reserved at a nearby hotel for dinner, and refreshments will be served at the conclusion of the evening portion of the meeting.

## Afternoon Session:

- (1) Dr. Marian E. White, of the Morgan Chapter, will discuss briefly some material she is bringing with her.
- (2) William S. Donaldson, President of the O.A.S., will present a preliminary report on the "Robb Site." (illustrated)

## Evening Session:

- (1) Dr. Alfred K. Guthe, President of the Morgan Chapter - "Current Trends in Northeastern Archaeology"
- (2) Frank Ridley, O.A.S., - "Comments on Neutral Pottery"  
(illustrated)

Our programme schedule has been arranged to permit ample time for questions, and a general discussion of the archaeological material on display from both sides of the border.

New York State and Ontario have archaeological problems of mutual concern, and this informal meeting is keyed to the exchange of information and ideas which should prove to be of benefit and interest to both the Morgan Chapter and The Ontario Archaeological Society.

Attached is a map showing the route to Carr Hall.
